- Lifetime Learning

Ricky Simpson

IT Support Professional | Cybersecurity Enthusiast

After working in the Luxury Hotel Restaurant Industry for the past 9 years, i've decided to pursue a career aligned with my college studies in the field of Tech. A lifelong fascination with breaking and fixing things, beginning with the skill of lock-picking at the age of 14, has naturally sparked a deep interest in Cybersecurity. I am committed to continuous learning.

Experience

Achievements

Top 3% in TryHackMe | Leading Pentester Education Platform
